

'The Future', By Dr Jennifer M. Gidley
REVIEWS by leading international futures scholars

A stunning description of the new field of futures studies and how we shape the future.

- Wendell Bell, PhD - Emeritus Professor of Sociology, Yale University

An amazing overview on the research field of futures studies.

- Stefanie Ollenburg, Researcher: Institut Futur, Berlin.

We should give Jennifer Gidley a standing ovation. An absolutely wonderful source.

- Jim Dator, PhD – Emeritus Professor of Futures Studies, Hawaii.

A wonderfully concise and brilliantly written book.

- Jade Taylor-Salazar, E&T Magazine: Engineering & Technology

One of the most important contributions to futures studies. Gidley is our Carl Sagan.

- Christopher Burr Jones, PhD - Core Faculty, Walden University, USA

Thoroughly researched and beautifully expressed.

- Richard A. Slaughter, PhD. Founder: Foresight International, Australia

A must-read for anyone interested in the future of our world.

- Tarik Günersel Former President of PEN Turkey Centre.

Brilliant and concise. Highly readable. I recommend it unreservedly.

- David Lorimer FRSA. Editor: Paradigm Explorer, London, UK.

This is THE book to buy for all futurists. Impeccably researched and written.

- Ari Wallach, Adjunct Professor Columbia University. Founder: LongpathLabs.
